

WORLD VIEWS PAMPHLETS SERIES

Distinguished scholars from various parts of the world analyze the impact of recent geopolitical, economic, technological and social changes from their own perspectives, using their own terminologies. Sometimes this involves a reevaluation of related changes whenever they occurred in the whole space of humanity's past.

HOLDING RUSSIA TOGETHER

Boris S. Erasov (Dr. Prof.)

Views about the causes of breakdown in Russia in the 1990s; interrelationships between geopolitics, economics, and civilizations; and ways to hold Russia together. By a long-time head of research at Moscow's Oriental Institute.
